Municipally Owned Utility (MOU) or Electric Cooperative (Co-op)
SB-924 Energy Efficiency Report
Data Entry Form**

MOU or Co-op: Garland Power & Light
 County: Dallas
 Contact: David Koliba
 Contact Title: Commercial Accounts Administrator
 Address: 217 N. Fifth Street, 3rd Floor
 City: Garland
 Zip: 75040
 Phone: 972-205-2659
 Fax: 972-205-2636
 E-mail Address: dkoliba@garlandpower-light.org

1) Is your MOU or Co-op hereby reporting on energy efficiency as required by SB-924, PURA Sections 39.9051 and 39.9052?

Yes No

2) Energy Efficiency Goals: Please tell us about the goals that your MOU or Co-op has related to energy efficiency:

Instructions: Provide a brief description of your MOU or Co-op's energy efficiency goals for the previous calendar year. Examples may include information about energy efficiency for MOU or Co-op customers or utility facilities. Supplemental information may be provided at your option on any long-term energy efficiency goals that your MOU or Co-op might have. Please use a separate sheet of paper if you need more space.

- Garland Power & Light's EnergySaver Program was developed in April of 2008. The program consisted of (4) separate elements designed to offer utility bill credits to GP&L residential and commercial customers. The program included the High Efficiency A/C & Heat Pump Program, Wholehouse Weatherization Program, Low Income Weatherization Program and Compact Fluorescent Program. In 2011 program offerings included the High Efficiency A/C & Heat Pump Program, the Wholehouse Weatherization Program & the Commercial Lighting Retrofit Program.
- GPL also has a Distributed Generation Ordinance which allows residential customers to install solar or wind technologies of up to 10kW.
- Free energy audits are offered as well.
- Our website www.garlandpower-light.org allows customers to read about all these programs as well as energy conservation tips.
- GPL participates with the parks department's Tree Power Free Tree Program where 500 oak trees are given away on an annual basis.
- A gas landfill project is well underway at (2) old landfills her in Garland.
- The GPL fleet has (25) hybrid vehicles. GPL has a 1MW Hydro Plant.
- The new GPL Admin/Customer Service building is LEED Certified.

3) Your MOU or Co-op's Energy Efficiency Programs:

Instructions: Input information as applicable; add fields as necessary. For the previous calendar year, please list energy efficiency programs and provide applicable estimated achieved savings – energy

and/or demand, or other program performance metric (for example participation.) Add additional lines as needed.

Energy Efficiency Program 2011	Estimated Energy Savings or	Estimated Demand Savings or	Other Program Performance Metric
<u>HVAC Residential & Small Commercial</u>	250,000 kWh	163 kW	132 system changed out
<u>Wholehouse Weatherization Program</u>	788,019 kWh	125 kW	243 Attic Insulation upgrades 162 Home Window upgrades
Total =	1,039,019 kWh	288 kW	

4) Program Materials / Additional Information

Instructions: Public information about your energy efficiency programs (brochures, website information, etc.) may be attached and provided with this form.

5) Please submit this form to SECO at: SB924.Reporting@cpa.state.tx.us
