**PART 4: APPLICANT TEAM METRICS**

**4A. List the names of the Professional Engineers (PE) in the State of Texas that have demonstrated work experience on the design of similar projects. For each PE, list example projects that document their design experience years. Add the number of years for all PEs and then divide the total number of years by the number of PEs. Limit each PE's experience to 10 years of experience on similar projects.**
