Discussion Points

Energy Accounting

The Administrators are made aware of monthly utility bills.

M & O Recommendations

Will attempt to implement each of the recommended M&O's.

Capital Project Recommendations

1. *HVAC*
2. *Lighting*
3. *Commissioning*

Financing Options

They are not interested in financing at this time, but will consider it for future projects.

Comments

Almost everything we had discussed had already been completed. Mr. Ballard had made notes during our initial walk through and made changes almost immediately. Our review was a follow up on the changes already made and a discussion of the ECRM's which are already scheduled to take place.
